

Happy New Year!

Welcome to first issue of the
Archives Unleashed Newsletter!

Our newsletter will provide the inside scoop for project updates, releases, and progress. We are also excited to share upcoming events and highlight the amazing work being done within the community.

2017 Recap

- Formation of Archives Unleashed Team
- Archives Unleashed Toolkit (AUT) development and testing
- Archives Unleashed Cloud (AUK) development and testing
- Updated documentation
- Migration to PySpark
- Advisory Board Meeting
- Datathon Planning

Archives Unleashed Datathon #Toronto 2018

Archives Unleashed Datathon #Toronto

April 26-27th 2018 | University of Toronto, Robarts Library

Submissions Due: February 5th, 2018

Calling all web archivists, librarians, computer scientists, and

researchers! Join Archives Unleashed Team for a Web Archiving Datathon with AUT.

Reasons to Participate

- Experiment with the newest release of AUT (Archives Unleashed Toolkit)
- Collaborate with new and familiar colleagues
- Work with web collections + archive files at scale
- Explore cutting edge research tools
- Hands on experience

Submissions

Those interested in participating should send the following to the archives unleashed team (archivesunleashed@gmail.com)

- A 250 word statement of interest which addresses your background and interests in web archiving, and what you would hope to get out of working with tools and web archive data at scale.
- A short 1-page CV;
- Indication of need for financial assistance to travel to event (if applicable)

The Archives Unleashed Project, aim to make petabytes of historical internet content accessible to scholars and others interested in researching the recent past. Supported by a grant from the [Andrew W. Mellon Foundation](#), the project will develop web archive search and data analysis tools to enable scholars and librarians to access, share, and investigate recent history since the early days of the World Wide Web.
